PROFESSIONAL PROFILE

Electrical and Computer Engineer, with official residence in Figueira dos Cavaleiros and currently living in Lisbon, with over 7 years of experience in IT consulting, application support, DevOps, and systems integration (software and hardware). Focused on incident resolution, automation, and infrastructure stability in large-scale environments. With a strong interest in network and system protection, I am currently looking to take my first steps in a cybersecurity-focused career, capitalizing on my multidisciplinary technological background. Dynamic, practical, and results-oriented.

TECHNICAL SKILLS

DevOps & Infrastructure: Jenkins, GitLab CI, GoCD, Docker, Kubernetes, Proxmox, WSL2, Linux, PowerShell, Shell Scripting with Ansible (Basic)

Languages:	Java, C, C++, Python, PL/SQL, SQL, JavaScript, HTML, CSS
Databases:	PostgreSQL, Oracle SQL, Microsoft SQL Server, Liquibase (Basic)
Monitoring & ITSM:	ServiceNow, Kibana, Dynatrace
Other Tools:	Maven, Jira, Confluence, Git, GitHub, Sonar, Devin, Claude, Copilot
